

Cambridge Cycling Club: Time Trial and Track Records 2024

Pride of place this year probably should go to Piotr Zulawski, national 10m circuit champion and on the podium in the national ten championships, who took a whole minute off David McGaw's club senior ten mile record to 17:53, equaled that and then broke it again with a blistering 17:44 on the E2/10 course – that's over 54kph!

Other than Piotr's relentless pursuit of speed, there were relatively few outright records this year, Ann Shuttleworth broke the club senior women's 15 mile record with a 38:30 on the F2; Caitlin Borowski set a club girl's record with a 13:43 at Madingley – and broke the club juvenile and junior records at the same time! There were also a number of age records set:

- Mary Twitchett rode a startling 22:39 to set a club veterans record at age 64 (we've no recorded faster female vet times): that is also the current East Anglia VTTA area record (and stands for all ages above 59).
- Ann Shuttleworth's 15 mile time is the women's club record for 57 year olds (and, indeed, all ages below that).
- Martin Reynolds recorded 19:56 to set the club age 61 record.

And, of course, there's Chris Dyason, with his normal set of club, area and national records, this year at age 76:

- 10 miles in 22:16 (East Anglian and National VTTA age record)
- 15 miles in 34:27 (East Anglian and National VTTA age record))
- 25 miles in 58:03 (East Anglian VTTA age record)
- 30 miles in 1:19:11 (just a club record this time!)
- 50 miles in 2:04:27 (East Anglian VTTA record).

I hope this is a complete record: we do rely on members claiming the records although we do try to prompt riders to claim when we see record performances. The cut-off for claims is the end of the calendar year, so please contact me if you have set a record that we have missed. It would be good to build the age records profile on the female side: it's very much lacking in detail when compared to the open category.

The full schedules will be available on the Club Website (in the Doc Store) at year end: the provisional records are shown on the website under the Time Trial tab.
